Additional information for Masters and Adult categories

Factors: The multiplying factor for the Program Components are:

Masters	1.6
Adult Gold	1.6
Adult Silver	1.2
Adult Bronze	1.2

Level explanation: In all elements which are subject to Levels:

Masters	features up to Level 4 will be counted
Adult Gold	features up to Level 3 will be counted
Adult Silver	features up to Level 2 will be counted
Adult Bronze	features up to Level 1 will be counted

Any additional features will not count for Level requirements and will be ignored by the Technical Panel.

Additional information: The Program Components are judged in:

- Skating Skills
- Transitions
- Performance
- Choreography
- Interpretation

Deduction for Time violation - 1 point for every 5 sec. in lack or excess

Deduction for Fall: Masters	- 1 point for every fall
Adult Gold	- 1 point for every fall
Adult Silver	- 0,5 point for every fall
Adult Bronze	- 0,5 point for every fall

The duration of warm-up is 4 min.

ADULT ARTISTIC Men and Ladies

Age requirements: Adult Artistic skater is the skater who has reached at least the age of 28 before July 1st preceding the Event.

Free Skating: The Artistic Free Skating programs are judged only on the basis of the Program Components:

- Skating skills
- Transitions
- Performance
- Composition
- Interpretation/Timing

At least one (1) and a maximum of two (2) single jumps MUST be included. A Waltz jump is not considered a listed single jump. At least one (1) and a maximum of two (2) spins MUST be included. No Axel type jumps, double or triple jumps are allowed. No combination jumps are allowed.

There will be no technical panel and no technical mark given.

Skaters will be judged on their ability to interpret the music and develop a theme through their skating. Credit for technical elements is based solely on the ability of such movements to enhance the chosen theme and support the music. Credit will not be given for their technical difficulty.

The program must be developed through skating skill and quality rather than through non-skating actions such as sliding on one knee or excessive use of toe steps, which should be used only to reflect the character of the program and to underline the rhythm and nuances of the chosen music.

The skater must not remain in one place for more than five (5) seconds.

Any element exceeding the maximum number as set forth below will be judged as an illegal element (1.0 deduction). If there is no jump or no spin element included or only a jump and no spin or vice versa a deduction for a "missing element" of 1.0 will be made. The Referee is responsible for such deductions.

Clothing and make-up must be modest, dignified and appropriate for athletic competition – not garish or theatrical in design. Clothing may, however, reflect the character of the music chosen. Clothing must not give the effect of excessive nudity. The theme of the program should be clear from the skating movements and choreography – regardless of what the skater is wearing.

Props and accessories may not be used in any part of the artistic programs. Any item that is held in the hand or removed during the performance is considered a prop. Thus, for example, a hat worn throughout the program is not considered to be a prop, but if it is intentionally removed during the performance it is considered a prop. Objects on the ice, thrown in the audience, placed on the boards or on the judges table are not permitted. Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted.

The deduction for inappropriate clothing or make-up props and accessories (1.0) will be determined by a majority of the judges and the referee.

Illegal elements:

- Somersault type jumps
- Lying on the ice and prolonged and/or stationary kneeling on both knees on the ice.

The warm-up duration is five (5) minutes for all artistic free skating events.

Duration: Masters - 2:00 min. +/- 10 sec.
Gold, Silver, Bronze - 1:30 min. +/- 10 sec.

Vocal music is permitted.

The multiplying factor for the Program Components is 1.0.
